

IDEAL AREA FOR BEAUTIFUL HOMES

Any reader on the "outside" wishing more information regarding any particular spot on the Saanich Peninsula or Gulf Islands, with a view to eventually coming here to live, is invited to write us. All information we can possibly give will be cheerfully furnished free of charge. Drop us a line today, don't put it off any longer. EVERYBODY HAPPY? WELL I SHOULD SAY

Oh me, oh my, have you noticed how everybody is smiling these days? We are told it is because they are still thinking over the concert held by the sports committee at the North Saanich Social Club Hall last Friday evening. It was one hilarious time from the moment the curtain rose to the strains of "O Canada" by the band until the same band played "God Save the King," and, oh boy, it was some band, too. You never saw such instruments in your life before, there were kazooks and bazooks and every other kind of zooks; to say nothing of the banjos and drums, and then the bandmaster, he was a scream.

The mock trial at which Bert Readings was tried for bigamy and Harold Nunn for embezzlement (using bad language that did not belong to him) and Richard McDuff Tuttle for stealing a leg of bread from the Local Butchers, proved to be one laugh after another, and then to cap it all Professor Heaton made the audience weak with laughter when he made them go through their gymnastics in the song "John Brown's Ford" had a puncture in its tire, etc.

Mr. Buster Brown, from Victoria, in his Laughing Song, once again convulsed the audience, who were just recovering when he gave an encore "The Daily News." Mr. Wm. Beswick's song "Among My Souvenirs," with banjo accompaniment, was very much enjoyed, the only trouble being that it was much too short. Mr. McCob's violin solos were splendid, while the dances by Miss Gertrude Partridge in fancy costume were one of the features of the evening.

It was with regret that the audience heard that Mr. A. Harvey was unable to be present to sing "Where, tell me where, has my little dog gone," as he had been bitten by one of his own hot dogs. Also Mr. McKillican was unable to sing "Yes, we have no bananas," as he had choked on one of the said bananas; however, Mrs. Rankin, in her usual pleasing manner, filled in the gap by dancing the Highland Fling with great grace, while Mrs. Livesey thrilled the audience with her rendering of "Oh, it ain't agoin' to rain no mo." The soprano quartette by the following boys was also very much enjoyed: Sam Roberts, Geo. Clark, M. B. Jackson, Jim Readings and Hugh McIntyre.

Community singing led by Prof. Heaton brought this delightful program to a close. Refreshments were served by the ladies' auxiliary, after which the floor was cleared for dancing, which continued until midnight.

SIDNEY SCHOOL CHILDREN CELEBRATED BIRTHDAY OF KING, PARADE AND SPORTS

Weather Cleared Up For Fine Afternoon of Sports and a Large Crowd Gathered to Watch the Events—Boxing Exciting

The Children's Sports Day, held on Saturday afternoon under the auspices of the Sidney Parent-Teacher Association, in celebration of the King's birthday, was a most successful and enjoyable affair. The weather seemed to favor the event for the afternoon was free from showers although a few miles distant heavy showers drenched the landscape and the night before a heavy downpour occurred locally and there was a shower just before noon.

The parade, which opened the day's program, left Matthews' Hall at 2.30 o'clock and proceeded up Beacon Avenue to Fifth Street and then down Fifth to Oakland Avenue and thence to the War Memorial Park, where the festivities took place. The various entries in the parade were enthusiastically applauded by the large crowd of children and parents and friends who thronged the streets and assembled at the park.

"Miss Sidney" (Phyllis McKillican) rode in the procession.

The parade was headed by the Cubs carrying a large Union Jack, followed by members of the Pipers' Band of the 16th Canadian Scottish.

Mrs. Shade, as convener, arranged the procession.

Mrs. Mounce and Mrs. LeVack decorated the stand.

Mr. Homewood with a number of assistants took charge of the gate.

The judges, Mr. and Mrs. G. Leckie and Mrs. Cecil Rice, awarded the prizes for the parade entries as follows:

Best decorated float, the "We Try Class" of the United Church, representing service in sick room; 2, Vivien Graham for his airplane, "Spirit of Sidney."

Best patriotically decorated bicycles (prizes given by Allies' Chapter, I.O.D.E.): Boy's first prize to Harold Bull; girl's first prize to Gladys Roberts.

Best decorated bicycles: Boy's first prize to Fred Gilman; girl's first prize to Reta Hoare.

Best advertisement, 1, Gordon Pratt, "Readings & Son Garage." A special prize offered by the "Review" was won by Albert Barker.

Best sustained character, 1, Pauline Clanton; 2, Jean Speedie, "Sidney Baseball Fan"; 3, (special), Mary Jackson, Japanese Girl.

Best comic, Horace Peck, representing a bathing beauty, "Miss Sidney."

Best decorated doll buggy, 1, Marjorie Gibbons; 2, Ruth Dickson.

Best tricycle, Louie Roberts.

MAY QUEEN CROWNED

The crowning of the queen was impressive. The retiring queen, Miss Mavis Goddard, in a white robe, arrived and occupied the throne a brief time. On arrival of Miss McKillican, Queen Mavis performed the crowning ceremony, followed by a pretty little speech by Queen Joy. Her maids of honor were dressed in pale shades of Elizabethan style, making a quaint and pretty setting. Carrying these roles gracefully were Winnie Rowbottom, Irene Long, Alden Cochran, Mona Cowell, Eileen McKenzie, Joyce Lennartz and Victorine Clanton. The crown bearer, Leslie Hambley, dressed in green and black hat plumes, performed his duties excellently, as also did the pages, Sonny Cochran and Donald Williamson, dressed in blue with white hats and plumes.

Col. C. W. Peck, V.C., M.P.P., gave a short address and presented the queen, on behalf of the Parent-Teacher Association, with a beautiful pendant.

The Maypole dance, which had been arranged by Miss Stott, and presented by 16 little girls: Gladys Roberts, G. Lennartz, June McKillican, Gladys Morray, Marjorie LeVack, Gwen and Grace King, Mary McIntosh, Margaret Mounce, Mary Pratt, Gwen Homewood, H. Thomas, G. Marjanovich, Helen Lidgate, E. Thornley and G. Ricketts, was very prettily done and caused many favorable comments.

Then followed exhibitions of boxing between the young boys under the supervision of Constable Hadley and created a very favorable impression on the majority of the spectators. Clean hitting good handwork and first class sportsmanship were much to the fore. Six bouts of three rounds each were staged and supporters of the various fighters were heavy on the "rooling." Messrs. A. Gilman and H. J. McIntyre acted as judges and had a hard task in deciding the winners, asking for additional

rounds in a number of cases. The winner of each bout was given an opportunity of winning the silver cup and silver medal presented by Mr. Hadley. By popular vote the silver cup was presented to "Cyclone" Clanton and the silver medal to Buddie Deidall and a third prize to Gordon Pratt.

During the afternoon a brisk business was done at the various stalls erected on the grounds. The ice cream stall, in charge of Mrs. Ramsay, Mrs. W. Cowell and Miss Houldsworth, was soon sold out. The candy and soft drinks, etc., in charge of Mrs. Critchley and Mrs. Deidall, was well patronized, and the "hot dog" stall in charge of Mrs. Homewood, was a very busy place and the hot "puppies" soon disappeared with a hungry bunch of customers looking for more. Afternoon tea, under the convener's Mrs. J. Gilman, who was assisted by a number of helpers, was served at dainty tea tables set conveniently about the grounds. The electric toaster, which was won by ticket No. 106, went to Miss Houldsworth.

Considerable excitement among the youngsters took place when an airplane appeared overhead and let loose several batches of Forest protection literature and leaflets bearing the Union Jack. The airplane made the trip to Sidney through the courtesy of Captain Eve of the Victoria Airways.

A baseball game took place between the Sidney Pathfinders and the North Saanich School; the latter getting the big end of a 5-4 score. Clem Davies acted as the ump.

Following is the list of sporting events, which were managed by Mr. Ramsay, principal of the school, with the winners:

Boys under six years, 25 yards—1, W. McKillican; 2, Donnie McNeil.

Girls, under six years, 25—1, M. Hall; 2, L. McNeil.

THE SPIRIT OF SUCCESS

The effort to accomplish is not failure; it is success. We
only fail when we acknowledge failure and lie down, defeated
and disheartened. But while we "carry on," never knowing
we're beaten, still striving to accomplish something worth while
doing, aiming to serve our fellows and reap what we have sown,
we do not fail.

Lots of men are beaten according to the onlookers, when
they are really victors and winners. The "thin red line" that
retreated from Mons, holding the Germans back doggedly, dis-
puting with the Hun every foot of the way, strewing the road
with their dead bodies, but delaying the enemy's "smash
through," were beaten by all the rules of warfare, but it is
counted unto them as victory.

Columbus was beaten, according to the scoffers of his day,
before he started across the ocean; he was beaten when his
crew mutinied and when adverse winds delayed his ship's pro-
gress, but he emerged triumphant. The men who built the
C.P.R. were beaten many a time; they could hardly give the
stock of the C.P.R. away at \$25 a share; often they could not
meet their due payments or in order to meet them, put their
own private fortunes into the bag and borrowed right and left
to pay their men and meet their other obligations. But who
dare say that Canada's great railway builders were beaten?

We know a newsboy in a great Canadian city who, in spite
of a most serious physical handicap, has risen from the rank of
newsboy at a street corner until today he is the head of a big
distributing business. He could not fall; he kept on plugging
and won. So we say to you good folk who are always prophes-
ying failure for the other fellow, put your hammers away and
cheer instead of knocking. The fellow that you think is failing
is only going through the experiences that every successful man
has had to undergo. Success springs from the seed of failure.
In defeat we reach victory. The effort to accomplish is, of itself,
success.

Trolley mishap puts fifty telephones out of order

Jerking from its overhead wire, a street car trolley pole struck a 50-pair telephone cable in the business section of New Westminster recently, causing a short circuit which burned the cable in two. As a result, 50 telephones were put out of order.

Obviously the trouble could not have been foreseen or prevented. However, our maintenance men were speedily on the job to make the necessary repairs.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes. Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre east of the Coast Range and 8,000 feet per acre west of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to the value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin, "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES
Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and the land has been surveyed.

LEASES
For grazing and industrial purpose areas not exceeding 640 acres may be leased by any one person or company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts, and the range administered under the Grazing Commissioner. Annual grazing permits are issued, based on numbers ranged, priority being given to established owners. Stockowners may form associations for range management. For further information, permits are available for settlers, campers and travellers up to ten head.

BRITISH Columbia's Power resources are the envy of the world. With Power, the riches of the world can be won; with Power, ores can be mined . . . smelted; transportation problems solved; manufacturing industries developed, and with them population . . . pay-rolls. Power is British Columbia's strongest bid for more industries . . . more people.

Of the millions of horsepower available in our province, but hitherto unused, are now harnessed to turn the wheels of industry. The great hydro-electric development at Bridge River will ultimately generate more than 600,000 horsepower, while the output at Bonington Falls and other points is being steadily increased. The Campbell and Chilliwack Rivers, on the mainland, and the Nimpkish on Vancouver Island, are capable of tremendous power development for the conversion of our forest and mineral resources into fabulous wealth.

Two of British Columbia's Electric Power systems are among the greatest in Canada, each generating more than 400,000,000 kilowatt hours in 1927. This represents an increase in the last ten years of 98% . . . truly a remarkable achievement!

Foreign authorities speak of this record as a measure of the great vitality of British Columbia.

Today we rank third in power and industrial development among Canadian provinces. We have made greater progress per capita than any!

It is the policy of British Columbia to foster the development of the hydro-electric powers for the benefit of the public. They are allotted to private enterprises on condition that they will be developed within a certain time, so that no exploitation of public assets may take place.

Millions of dollars are now earmarked for Power development in our province. Dams are being built, turbines installed . . . transmission lines erected to care for the imminent industrial development.

Thousands of dollars are being expended weekly on materials and wages; thousands are feeling the immediate benefits of this enterprise.

Side by side with our power development, Industrial Expansion has kept pace. Today 17% of Canada's external trade is handled by British Columbia. During the past decade, our basic industries have increased 101.3%. Our total payroll, including all classes, is estimated at 210 million dollars. Today, our Lumbering, Mining and Fishing industries employ 72,517 people, paying them 175 million dollars in wages . . . distributing an average wage ranking among the highest in Canada.

These 175 millions in wages are a great contribution to our annual internal trade in the province. They have given our industrial workers a buying power ranking second in the Dominion and have largely been responsible for our ever increasing prosperity, as evidenced by the fact that the number of automobiles registered in the province last year was 76,187 as compared with 8,596 in 1916.

British Columbia's steady and varied industrial development has changed the conception in Eastern Canada and the United States of our province. No longer are we entirely dependent on the East for our manufactured products. British Columbia is increasingly furnishing her own needs. She now ranks third in the whole Dominion as a manufacturing province.

Our phenomenal Power and Industrial growth has focused the attention of the great industrialists and investors on our province. Today, British Columbia in the eyes of the world, stands for Power, Progress and Plenty. May our efforts of the next ten years stabilize and increase our Prosperity!

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!
